Dear Parents,

Last week I spent 3 days at an International Principals Conference in Auckland.

It reminds me why I live in Foxton rather than a big city.

There were some really interesting presentations from some well renowned speakers but none more than our children's commissioner in New Zealand Dr Russell Wills, who spoke on child poverty and the effects on education. Whilst academic achievement is vital the key component for me in my everyday job is the health and well being of our children and providing a safe environment.

We have a busy few weeks with the Kere Kere Schools soccer tournament Wednesday, normal team sport continues and we have our talent quest auditions ongoing.

Positive Behaviour for Learning

If you walk into any classroom on a Monday morning at 9am you will see classes busy teaching and learning about **Positive Behaviour for Learning**. The focus for the week will be on specific behaviours we expect to see both from staff and students. We teach these expected behaviours using the **Coley Hearts of Caring, Thinking, Striving and Proud**.

We ensure all staff and students can identify the expectation for the week and show the Coley Hearts.

We would like you to talk to your child about PB4L, the Coley Hearts and these expectations, they are a great tool not just for school but at home, and out and about in the community, learning doesn't just end at the school gate.

Each newsletter we will have a **PB4L focus** about the current expectations we have been learning.
