Dear Parents,

It is evident that once we get back into routine each term the term just starts to fly as we go from event to event. This week is no different with our Super 10 basketball team participating on Tuesday in Palmerston North.

Also we have the middle school sleepover in preparation for their camp later in the term.

Last Friday we took a group of Year 5,6,7 and 8's to the Manawatu Mathex competition and this is a great experience for our children competing alongside about 60 other schools.

It is interesting that the Ministry of Education's goal of raising Maori Achievement is alive and well at our school. Our Mathex team had no less 9 Maori children who are obviously thriving in their maths.

This week is also part of the staff appraisal week and each staff member receives an observation of their teaching based on goals they have set for the year with their children. The principal also receives an ongoing appraisal all year by an outside agency as part of my role.

Peter Kemp - Principal

Principal Award of the Week:
